Company Profile

Jal Bhagirathi Foundation works towards strengthening the capacity of desert communities to manage their scarce water and natural resources through traditional best practices. With active participation from the community JBF acts as a catalyst and facilitator for the construction and restoration of traditional water harvesting structures to create availability of drinking water.

JBF is attempting to empower village level institutions to adopt a pragmatic approach towards development and restoration of common property resources, benefits of which will accrue to the entire village community.

The Foundation follows a participatory approach and emphasizes on strengthening village level institutions to effectively manage natural resources.
